

## Morgan Steering Rack Gaiter Replacement

I recently replaced the steering rack gaiters on my 2017, Plus 4. The Morgan gaiters were very expensive so I opted for a universal equivalent, which had to be cut down to size with a pair of scissors before fitting. They were quite easy to replace, taking a couple of hours. Although they are slightly longer than the originals, it doesn't seem to be a problem. Mine have been in place for a couple of months with no issues. At £9.60 each, I thought they were a bargain.

Damaged gaiter

Original (top)

Universal (bottom) trimmed to size

The link below will take you to the website where they can be purchased.
