Road and Track at Morgan

TOK Le Mans winning car 1962 was holding its own parked next to it's contemporary the 2013 LMP2 class winning Morgan at the Road and Track meeting today at Morgan. It brought back lots of memories, the first time I worked at Le Mans was in 2013 when the Oak Racing Morgan LMP2 car won it's class, a few months earlier I was working at Spa in Belgium where TOK was racing that was definitely as a fan of Morgan a fantastic year!

At the event MMC has signed the Armed Forces Covenant, pledging its support to those who serve and have served the nation and their families. The signing of the Covenant furthers the work the company is already engaged in with service charity, Mission Motorsport, The Force's Motorsport Charity
