

North Cheshire Classic Car Club Show - Sunday 7th August 2022

The annual North Cheshire Classic Car Club Show was held at Claremont Farm, Clatterbridge, Wirral on Sunday 7th August and was blessed with excellent weather.

The show attracted a total of 2500 visitors during the day and there were over 300 vehicles on display on the show ground with exhibitors from most of the local classic clubs and one make owners clubs.

There was a good turnout from DevaMog with 13 Morgans on the club pitch, my thanks to all who attended, and I trust that everyone had a pleasant and enjoyable day.

In addition to the vehicles on display there was entertainment from the close harmony swing singers, 'Western Approaches', the local ukulele orchestra and there was also a Viking Warriors reenactment group, giving battle shows during the day, which drew a good crowd especially from the younger visitors.

The show is put on free of charge for both exhibitors and visitors, but purchase of raffle tickets was encouraged with the proceeds supporting local charities. I am pleased to be able to inform you that £600 was raised which is to be split equally between The Blood Bikes and Claire House Children's Hospice.

Mike Harris.
