

A to Z

The Classics at the College has returned to Ellesmere College for 2022

The Classics at the College has returned to Ellesmere College for 2022 raising money for Hope Hospice, the last event raised £3250.00 which was matched by Barclays Bank.

Around 100 local classic and vintage cars enjoyed a scenic drive from Hope House through the Shropshire and Welsh countryside before driving up to the gothic building of Ellesmere College.

The collage was open to the public allowing them to view the selection of classic vehicles on display, after they arrived from their scenic run it was “A to Z” of cars through the decades on display.

The “A to Z” was something Joe may need, Joe mentioned to myself “what happens on a scenic run stays on the scenic run”, I can’t possibly say anything but the road he decided to take was more suitable for a Land Rover Series 1 or 2!

The college also held an art exhibition which was held in the impressive grand hall, which was enjoyed during a brief shower.

It was a very enjoyable relaxing day, my take home car was the 1924 Salmson Skiff-Tail followed by a very nice Lancia Fullvia, 3rd 1926 Humber 12/25 Tourer
